ADDRESSING THE NEEDS OF CHILDREN; PLANTING SEEDS FOR A SECURE FUTURE FOR THEM AND THEIR FAMILIES BY THE GRACE OF GOD

!!! Thanks to Dr. Gongora and his crew of volunteers, led by David and Josue, the work feeding children in San Ignacio continues. One of the schools has requested SCM add 6-7 more children and again - David and Josue said that would not be a problem for them and quickly began outlining the work and materials needed to make it happen.

The assistance of volunteer help from all over including the USA helps to make this a reality.

MISSION PLANNING:
**Your Opportunities....*

Mission Planning is underway for the remainder of 2014 and for Calendar Year 2015: (Churches, youth groups, individuals)

- ◆ Funding support / sponsorship
- ◆ Meal delivery to children + minor reconstruction: painting, tile floor etc.
- ◆ Meal delivery to children + specialized individual mentoring for a week / two weeks (specifically Reading & Math)
- ◆ Meal delivery to children + Vacation Bible School - planned and executed by YOU.

.....“Everyone to whom much was given, of him much will be required.....”. Luke 12:48

SCM wants to give special thanks to Dr. Byron Sierra and his family of San Ignacio, who has continued to faithfully donate funds every month to SCM-Belize helping us continue operations. Without his steadfast support this would not be possible.

As the school year comes to an end, SCM is planning operations for the coming school year. Mission trips planning is underway for fall-

winter 2014 as well as “Vacation Bible School” (VBS) for the summer of 2015. The VBS 2015 will most likely fall in the month of July with the current anticipated school schedule.

SCM provided “Adventure Bibles” for all the children to take home over the summer break as well as writing materials and other

Christian items. A small summer T-shirt was provided and was seen in use that day on the basketball courts during the school club games.

Focus Ghana

Operations continue in Ghana, 2nd term of school re-opened in May. (Note: a full first term report for Emperor Academy is available on our website.) We have started a school farm on 2 acres for corn and vegetables, + we are working two intern programs. The documented egg production recorded here is from our Micro-Finance project as reported in the last newsletter.

Month	Number of Layers	Total eggs collected per month	Average Number of eggs Collected/day	Remarks
December 2013	50	159	11	Very good laying capacity
January 2014	50	663	21	Very good laying capacity
February 2014	49	376	13	Laying capacity decreased because the weather was very hot
March 2014	49	789	25	Good laying capacity
April 2014	49	1039	35	Good laying capacity
